FCC Form 481

Line 100- Service Quality Improvement Reporting
{47 CFR 54.313(a)(1)}

In the FCC's Public Notice DA 14-951, released May 1, 2014, the FCC waived the requirement for price cap ETCs to file a five-year plan.¹

¹ The Public Notice stated, in relevant part:

We now grant a waiver of this requirement for price cap ETCs for an additional year. Because the Bureau just finalized the Connect America Cost Model, and price cap carriers have not yet had the opportunity to make a state-level commitment for Connect America Phase II, we find that it is not in the public interest to require price cap ETCs to file new five-year plans in 2014 for the same reason as last year: they do not yet know which areas they will be serving in the future.

Bentleyville Telephone Company
 Pennsylvania
 170145

Line 510: Service Quality Reporting/Consumer Protection Rules Compliance

Bentleyville Telephone Company, hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company complies with service quality and consumer protection provisions under state law. These provisions include, but are not limited to, the following: (1) filing a Local Exchange Tariff pursuant to the requirements of The Pennsylvania Public Service Commission which discloses rates, terms and conditions of service to customers; (2) compliance with state consumer protection provisions relating to Customer Services as identified in the Code of State Regulations, compliance with provisions for Quality of Service as identified in the Code of State Regulations, compliance with Service Objectives as identified in the Code of State Regulations, compliance with customer inquiry procedure as identified in the Code of State Regulations, compliance with Dispute standards as identified in the Code of State Regulations; (3) compliance with truth-in-billing requirements; and (4) compliance with Federal CPNI rules, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make "a specific commitment to objective measures to protect consumers."² The Commission found that for wireless ETCs, compliance with CTIA's Consumer Code for Wireless Service would satisfy this requirement and that the sufficiency of other commitments would be considered on a case-by-case basis. In this context, the FCC stated, "to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement."³

Bentleyville Communications Corporation d/b/a FairPoint Communications and Marianna and Scenery Hill Telephone Company d/b/a FairPoint Communications, have only a reactive Service Quality Reporting obligation. Rule 52 Pa. code 63.51-63.65 states that a Public Utility providing "simple residential or business voice grade services" that fails to meet a stated average level or operation required for a period of three (3) consecutive months must take immediate steps as outlined in the rules. Corrective actions include an investigation into the substandard performance and notice to the Commission followed by a written report within 5 working days and a status report at the end of one (1) month. The Service Quality Measurement are as follows: Customer trouble reports, local dial service, installation of service, and operator handled calls.

If a customer has a concern about their FairPoint Communications' service or billing, he/she can contact repair service, technical support or customer service with information found on their statement. Customers may also contact agencies, through information posted in the phone directory, website, and tariff pages. All consumer complaints whether from Attorney Generals' offices, Public Utility Commissions, Better Business Bureaus, Federal Communications Commission and all other agencies are sent to the FairPoint Communications' Maine office via U.S. Mail or by electronic mail at consumer@fairpoint.com. The complaints are directed to the appropriate responsible Company Team member within FairPoint Communications for resolution and response to the customer.

¹ *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) ("*2005 ETC Order*").

Form 481 Line 610: Functionality in Emergency Situations

Business Continuity Plan Overview

Introduction

FairPoint Communications, Inc. ("FairPoint") is committed to maintaining a vigilant state of disaster preparedness for the interests of our customers, stockholders, employees and other critical stakeholders.

The purpose of our Business Continuity Plan (BCP) is to define the disaster preparedness and recovery protocols and procedures required to restore FairPoint's critical business support functions, inside and outside plant systems and operations within FairPoint's operating footprint.

BCP components detail FairPoint's procedures for preparing for and responding to an emergency situation affecting our ability to deliver core services to our customers and our ability to meet legal dictates, and regulatory requirements.

This document discusses the following:

- BCP Scope & Structure
- Recovery Strategies and Logistics
- Plan Maintenance and Exercising

BCP Scope

FairPoint's business continuity response planning is concentrated on two critical operational areas:

- Customer Interfacing – It is recognized that a "business impact" only occurs when an external-interfacing element is disrupted. In essence, this means that if FairPoint experiences a disruptive event, but one that does not breach the outer-shell of the FairPoint operation and interrupt critical customer services, customer product or other external end-user, then it does not have a business impact, as defined by the BCP
- Infrastructure Integrity – Without critical infrastructure systems, the ability for all other FairPoint business operations (back/front office) can come to a halt. It is these infrastructure systems that provide the critical human-factor of our customer-interfacing services. Critical infrastructure would address such services / systems as, building space for staff, service utilities, telecom network, IT network, etc.

The BCP has been developed to assure the continuity of critical customer interfacing services and systems should a physical incident or workforce disruption event occur, which affects:

- IT/IS
- Administrative and Support Operations
- Inside and Outside Plant Operations
- NOC (Network Operations Center)
- E-9-1-1
- Dispatch
- Repair Center

FairPoint has developed response / recovery strategies addressing physically disruptive incidents and workforce related disruptive incidents (i.e., work-stoppage and pandemic). All response strategies are based on recovery time objectives of those department functions and critical infrastructure systems essential to sustain customer interfacing services.

FairPoint Communications

1 Davis Farm Road
Portland, ME 04103

Barney Boynton
Director, Operational Risk

BCP Structure

The BCP consists of several components:

- The BCP Manual (an overview of all BCP documents)
- IR Playbooks (addresses the response procedures for Physical and Workforce related events),
- Appendices (the IR Playbook procedures links to these Resources Files)
- Department Recovery Plans (Business and Plant Operations)
- Business Impact Assessments (Business and Plant Operations)

The Event Response diagram below identifies the overall BCP documentation and how a disruption or incident will dictate which path of the BCP will be followed to restore business operations.

Once the incident or disruption occurs, the impact first needs to be quickly assessed to determine whether it is a physically disruptive event (local or regional) ("Physically Disruptive Event") or a workforce disruptive event (work-stoppage or pandemic) ("Work-Force Related Disruptive Event"). The disruption is always focused on critical business operations and services that can impact customer interfacing / deliverables.

Portland, ME 04103

Barney Boynton
Director, Operational Risk

EVENT RESPONSE

DRPlan
Documentation

Recovery Strategies and Logistics

Our BCP is based on the premise that FairPoint cannot stop disasters from occurring, but we can address the IMPACT of incidents should they occur. Where possible we will provide risk mitigation measures that will minimize the likelihood of having a serious disruptive incident but in no case can we eliminate all disruptive possibilities. The BCP is triggered by a Disruption Scenario, not a Threat Scenario. FairPoint pre-plans for potential break-points that can result in a customer interfacing disruption and incorporates recovery strategies that will inherently address any potential threat and any resulting business disruption impact. The actual threat (i.e. fire, flood, etc.) is pertinent only with respect to immediate response activities. All subsequent response efforts are focused on the assessment of damages (physical losses and recovery duration) and the implementation of restoration and recovery strategies. The restoration of the business servicing operations and infrastructure systems is based on salvage, replacement of systems and alternate functionality measures, which are pre-defined in the BCP.

Each department has developed a recovery plan based on its critical operations as they pertain to the deliverables they contribute to our customers. FairPoint has triaged the recovery efforts based on the concept of customer servicing impact. Federal and State regulatory requirements have a high level of consideration in

FairPoint Communications

1 Davis Farm Road
Portland, ME 04103

Barney Boynton
Director, Operational Risk

addition to the business impact concerns. The BCP goal is to minimize the disruption duration as much as is practical and provide a level of risk mitigation that will maintain critical operations.

The Ten Response Phases of Physical Event are:

- Incident Notification
- Visual Damage Assessment
- Incident Stabilization
- Command Center Initiation
- Initial Notifications to Business Departments – to activate plans
- Primary Site Damage Assessments
- Ready Alternate Restoration Sites
- Primary Site Salvage & Recovery
- Business Restoration Process
- Primary Site Re-established

Plan Maintenance and Exercising

The BCP is a living document. Updates to the plan are ongoing with changes incorporated annually at a minimum. Individual plan components are scenario tested with oversight from FairPoint's Corporate Risk Management Team.

FCC FORM 481

Line 1010 –Voice Service Rate Comparability

The pricing of the company's voice services is no more than two standard deviations above the applicable national average urban rate for voice service, as specified in the most recent public notice, FCC DA14-384 released on March 20, 2014.

For Rates See Attachment: (700) Company Price Offerings (voice)

Form 481 Line 1210- Terms & Conditions for Lifeline Customers

The Bentleyville Telephone Company provides a Lifeline Program discount for residence service for eligible low income customers. The Lifeline Program discount is applied to any month to month residence local service, package or bundle offering. The discount is intended to offset the Subscriber Line Charge and local line charge, although eligible packages and bundles may have toll calling included in the pricing for the offering.

The tariff pages outlining the terms of the Lifeline offering in The Bentleyville Telephone Company are attached. The terms and conditions of residential local service can be found at <http://www.tariffs.net/fairpoint/tler.asp?cld=1644>.

LIFELINE SERVICE

A. DESCRIPTION

Lifeline Service is a federally funded program established to provide monthly assistance to residential low income households who qualify for this service in accordance with the following Regulations.

B. REGULATIONS

1. Lifeline Service is available to qualified residence customers and is provided via a residence individual Dial Tone Line. Lifeline Service is limited to only one Service per qualified customer or household (A household is defined as "any individual or group of individuals who are living together as one economic unit". An economic unit is "all adult individuals contributing to and sharing in the income expenses of a household"). A potential Lifeline customer who has an outstanding final bill for telephone service which is less than (4) years old must pay the entire balance of any Basic Service final bill before being eligible for Lifeline Service. (C)
2. Residence Lifeline Service consists of the following tariffed standard features and optional customer elected services at the applicable rates, charges and regulations for each feature and service provided;
 - a. One-Party Residence Unlimited Service and Local Measured Service, if available.
 - b. Directory Listing (standard only).
 - c. Non-Published or Non-Listed Telephone Number Service.
 - d. Access to Directory Assistance Service.
 - e. Touch Tone Calling Service.
 - f. Access to Message Toll Telephone Service and Optional Dial Station-to-Station Calling Plan Services. However, the Residence Lifeline Dial Tone Line will be blocked from dial station access to 976/556/900 and any other type of Audiotex Service.
 - g. Access to Operator Services.
 - h. Voluntary Toll Restriction Option.
 - i. Access to 800/888 Services.
 - j. Access to Call Trace.
 - k. Access to Alerting and Reporting Systems (9-1-1 dialing).
 - l. Access to the Pennsylvania Telecommunications Relay Service.
 - m. Caller ID Per-call and Per-line Blocking
 - n. Other eligible telecommunications services at tariffed rates

LIFELINE SERVICE

B. REGULATIONS (cont.)

3. An applicant for Lifeline Service must be a current participant in one of the following Pennsylvania programs, or be able to provide proof of household income which is at or below 135% of the annual Federal Poverty Guidelines for all States (except Alaska and Hawaii) and the District of Columbia. Recertification of Lifeline Service participants must be conducted annually by the Bentleyville Telephone Company to ensure continued eligibility. Lifeline customers have the responsibility to notify the Telephone Company within thirty (30) days of a change in eligibility status if they no longer qualify for Lifeline Service.

Pennsylvania Department of Public Welfare Lifeline Service Programs:

- * Temporary Assistance for Needy Families (TANF)
- * * * *
- * Supplemental Security Income (SSI)
- * Medicaid
- * Supplemental Nutrition Assistance Program (SNAP) (f/k/a Food Stamps)
- * Low Income Home Energy Assistance Program (LIHEAP)

(C)

Additional Eligible Programs Federal

- * Federal Public Housing
- * National School Free Lunch Program

The DPW Programs listed above must be certified by DPW. Such certification by DPW will be provided only when a DPW client requests Lifeline Service based on the client's status as a participant in any of the above eligibility programs. Certification by DPW will be limited to confirmation of the client's program status (i.e., participation or non-participation). Participation by DPW is subject to execution of an agreement with DPW and The Bentleyville Telephone Company.

4. Lifeline Service will be provided to a customer only so long as such customer continues to meet the participation and certification guidelines in 2 (c) above. At the time of initial establishment of Lifeline Service, the customer agrees to have his or her eligibility recertified annually by Bentleyville Telephone Company. When the Company is notified by the customer or determines through recertification that the Lifeline Service customer is no longer a participant in the DPW programs in 2 (c) above or otherwise low-income eligible, the customer will be notified (by telephone or letter) that the Lifeline Service rate is no longer applicable. Within the stated customer notification period (30 working days from the date of the notification), the customer can contact the Company to negotiate new Dial Tone Service arrangements at applicable tariff rates (no connection charges will apply for existing services or options retained).

LIFELINE SERVICE (Cont'd)

B. REGULATIONS (Cont'd)

5. A Lifeline Service customer may not subscribe to any other type of residence Local Exchange Service at the same or other premises. Lifeline Service will not be provided via Foreign Exchange or Foreign Central Office Service Arrangements
6. Only services listed in B (2) above will be provided to Lifeline customers.
- * * *
7. Customer requested temporary suspension of Lifeline Service is not permitted
8. Lifeline Service does not apply to applicants who are full time students living in university or college controlled housing.
9. The applicant must not be a dependent for Federal Income Tax purposes, unless he or she is 60 years of age or older.
10. Lifeline customers are subject to all Residence service regulations in this and other tariffs of The Bentleyville Telephone Company.
11. Residence Lifeline Service cannot be resold by the Lifeline customer or the Lifeline customer agent(s).
12. Resale of Lifeline Services are subject to wholesale rate obligations under Section 251 (c)(4) of the Telecommunications Act of 1996.
13. All outstanding charges, account balances and service restrictions apply to existing customers who qualify for Lifeline Service. Service restrictions will remain until the arrearage(s) have been paid in full.
14. Any Lifeline customer who has a past due balance of Toll Charges will be treated with the appropriate Chapter 64 regulations. The Residence Toll Restoral Charge applies to Lifeline Customers who are suspended for non-payment and who subsequently pay their outstanding toll charges and request toll restoral. If a Lifeline customer is toll restricted for a second occurrence the Company, may at its discretion, place the Lifeline customer on a permanent toll restriction.
15. Toll-Blocking and Toll-Control services will be provided at no charge to Lifeline Service subscribers, to the extent that they are offered.
